## Stays Home

to Fight against COVID-19

Kru Cheewan  
drew this for children to color.

Translated into English by:  
Peeriya Pongsarigun and John Viano

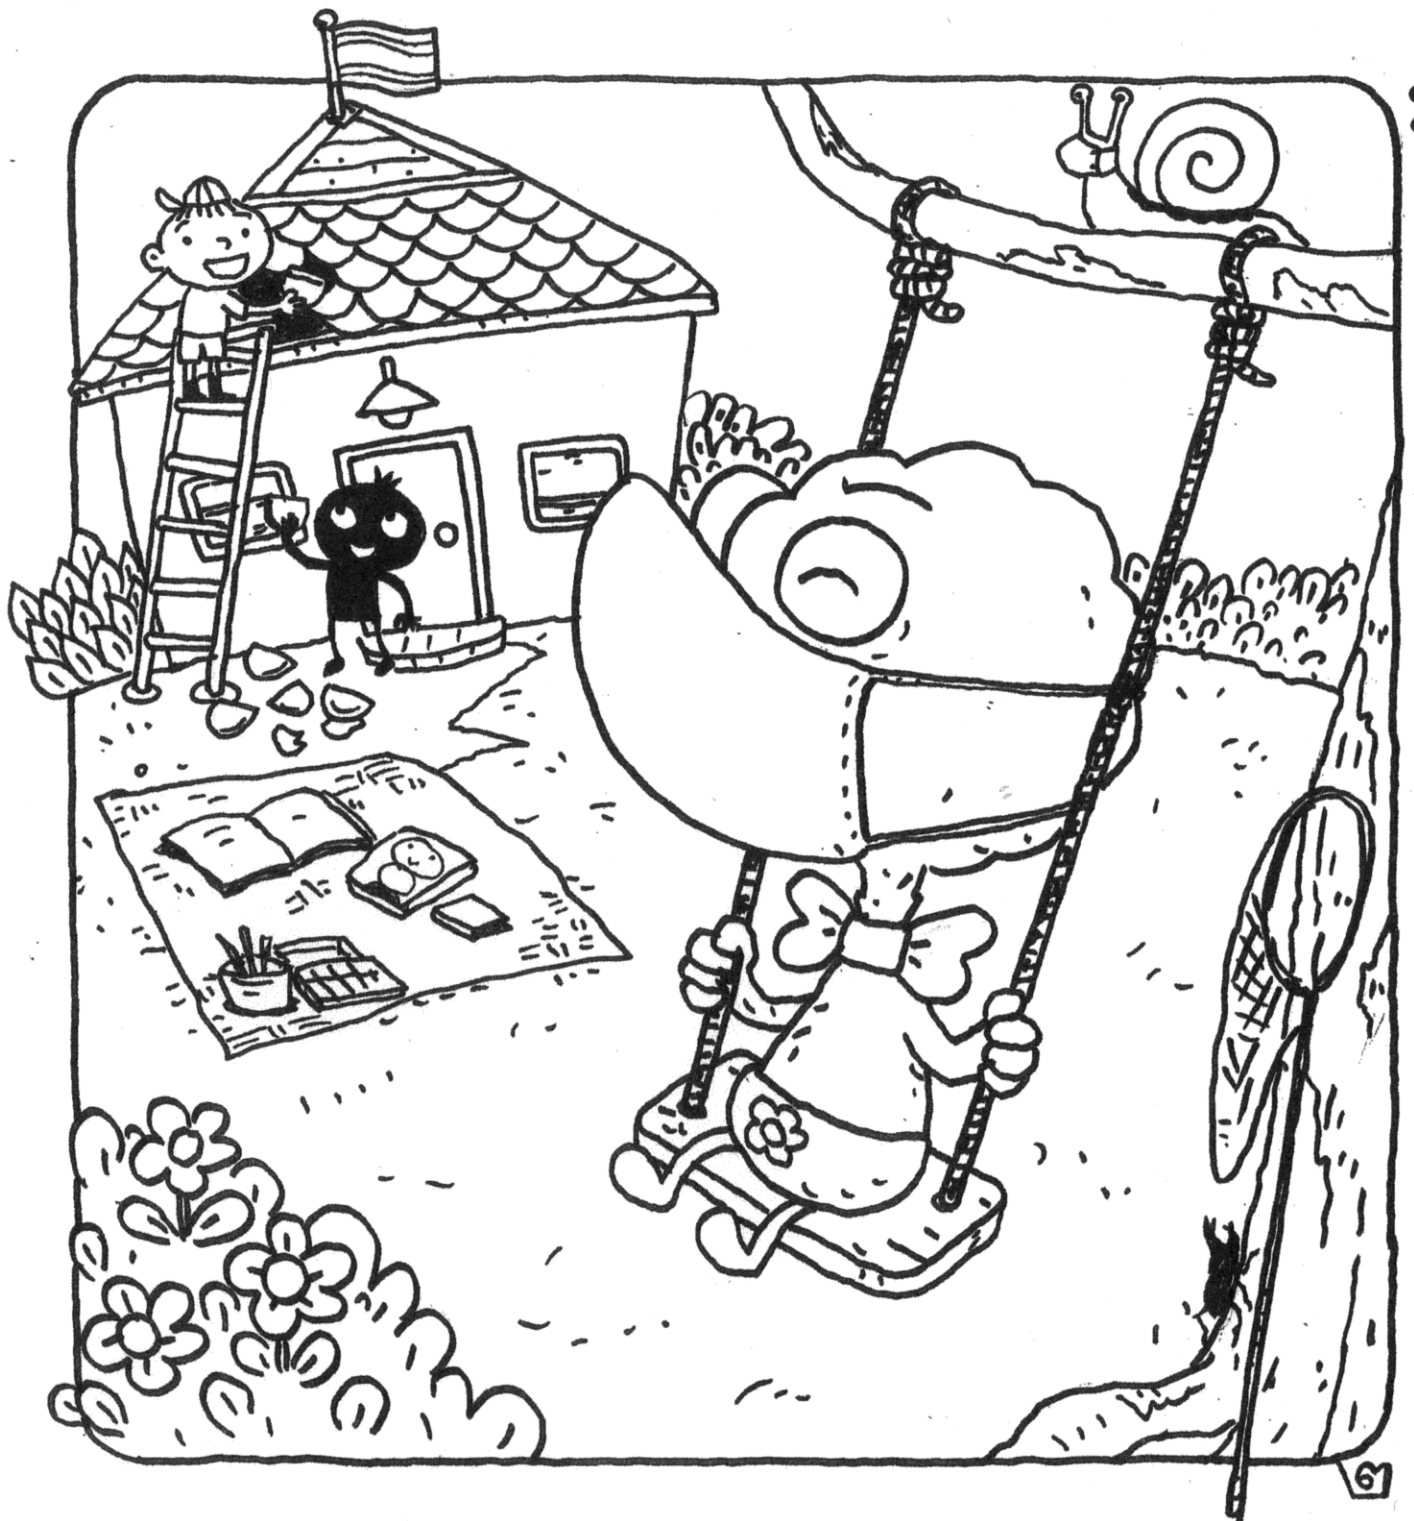

Now a disease  
Has turned into a pandemic  
COVID-19  
Trying not to panic  
It's too sad to sing...  
Any songs

Let's read, work, play  
Inside we stay  
It's safer at home  
Please do not roam  
Believe what doctors say  
Be at home everyday!

COVID-19  
LOCKDOWN

Use your own spoons  
To eat hot food  
Don't mix them up  
And we are good!  
Ok Deal  
Let's enjoy our meal!

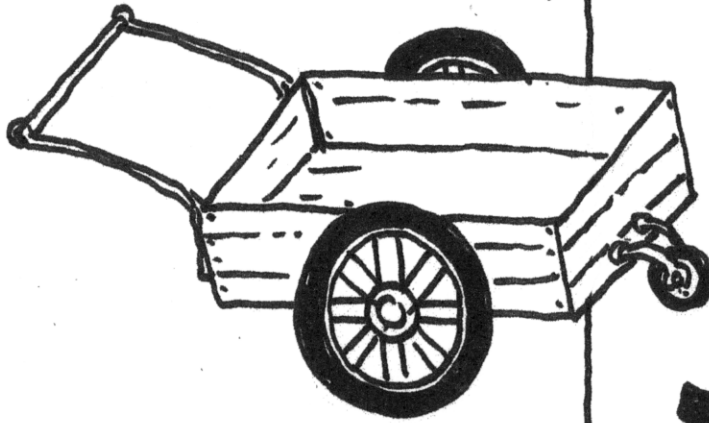

Let's go stock up on snacks  
for a week!

**Don't forget  
to put your mask on.**

"Good job Mr. Shadow.  
You've covered your nose  
and mouth well."

**Wear a mask wherever you go  
Cover your nose and mouth, you know?  
It helps protect yourself and keep clean  
To prevent the spread of COVID-19**

Don't...?  
I look cool,  
Leng?

Whenever we go out  
Stay 2 meters away, just about  
From others who are buying stuff  
Just wearing a mask isn't enough

This is more than...  
two meters!

wait for me...  
please.

Don't come near me!

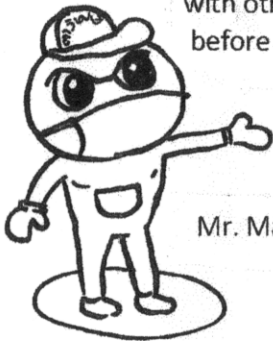

Where are the mussels?

Where is Mr. Shadow?

Always keep your hands clean  
To maintain good hygiene  
When you pass stuff to friends  
Wash hands on both ends  
The viruses will be wiped out  
And the goose will smile and shout!

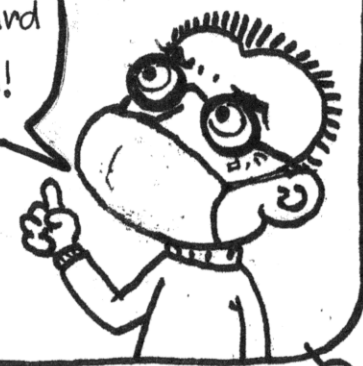

"Used masks shouldn't be thrown away with other trash. Place them in a bag before throwing them out."

Mr. Magic Eyes is our special guest!

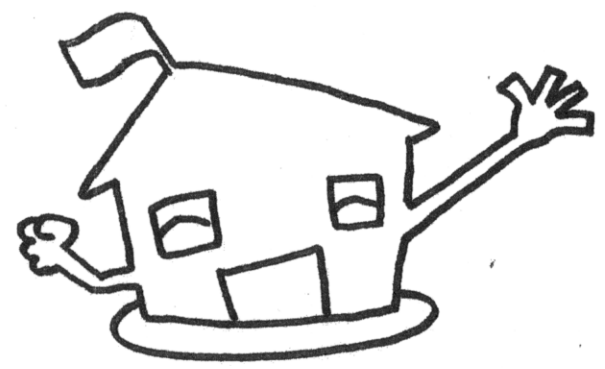

Whoa!!  
You don't need to hoard  
this much food!

Nurses and doctors are working hard  
It's your own health; you should safeguard  
Do not make their job bad  
Stay home with mom and dad!  
Doctors protect us from COVID-19  
So, stay home as a new routine  
Physical distance; do not come closer  
Before we know it, the spread will be over

"Heroes are at hospital  
Love is at home"

COVID-19 is terrible  
Yet it has created a miracle  
Of helping and caring for each other  
We will get through this together  
The sun shines after the rain  
And we will be singing again...
